

The table below is to be used only as a guide. Please note that the State eligibility requirements for childcare providers can change at any time.

To verify if your provider of choice is eligible to participate in the AmeriCorps Childcare benefit program, contact GAP Solutions with your eligibility questions at 1-855-886-0687.

Disclaimer:

- Your provider of choice must be over the age of 18,
- May not be the child’s biological, step, or adoptive parent, or the child’s legal guardian, adult acting in loco parentis, or the spouse of a legal guardian or adult acting in loco parentis, or the child’s sibling if living in the same household.
- The AmeriCorps Childcare program cannot assist providers with completing state training /background check requirements.
- Providers will not be eligible for back payment if they are not in compliance with state regulations. If you decide to hire a childcare provider that does not yet have any of the certifications or training requirements your state mandates, please know that your benefit will not retroactively start from your first date of AmeriCorps Service. Instead, your benefit will start from when your childcare provider completes all requirements. In the event your childcare provider is unable to get certified to participate in the AmeriCorps childcare program, you would be left without a benefit for the period of time this provider rendered childcare services to you. Because of this we highly encourage members to choose a childcare provider that meets all requirements before you hire them.

License Exempt Centers:

Certain states may allow certain licensing exemptions for centers if they are part of a public or private organized educational system (a school or facility operated by a religious institution caring for children during short periods of time). Also, recreational center-based programs whose purpose is to provide social, recreational, or religious activities for school age children, such as scouting, boys club, girls club, sports, or the arts may also be license exempt. The Table below helps you understand if your state exempts any of the above programs.

CHILDCARE PROVIDER TYPES					
STATE	LICENSED CHILDCARE CENTERS	LICENSED FAMILY & GROUP HOMES	LICENSE EXEMPT	UNLICENSED (RELATIVE, FRIENDS, ETC.)	*UNLICENSED PROVIDER REQUIREMENTS
